2021 YEAR IN REVIEW
Circumstances

"Freedom Reigns has been a true answer to prayer for our family. It has provided a unique and safe environment for our daughter to be challenged, encouraged, and valued. The sense of belonging and accomplishment she feels each and every time she comes home from the ranch is evident."
-Parent of a Participant, 2021

2021 YEAR IN REVIEW

Looking Forward!

FREEDOM REIGNS RANCH
Middle Tennessee

This year we are believing for:

25-40 Acres

Simply put, we are unable to expand beyond our current capacity without the acquisition of a permanent facility for Freedom Reigns. Our current lease on a small 8 acre facility limits us to 3 operating days per week and 10 session horses, with other significant limitations on water use, land use, lack of hay storage, and continued complications with maintenance of erosion. We are in desperate need of land dedicated exclusively for Freedom Reigns Ranch that is accessable to the communities we serve.

Necessary Equipment

We have, thus far, operated without a tractor or farm impliment vehicle. A tractor would allow for the more efficient use of time and money with feeding round rolls of hay, weed spraying and seeding pastures, and overall cultivating land... allowing more time and resources to be put toward the session program.

We served **66** individual participants on an on-going basis in session program in 2021.
And many more in one time/limited-season sessions. Our goal is to maintain that in 2022 if we continue to lease our same property.
If we are able to secure a permanent, larger facility the number of participants served will greatly increase!

There are currently **102** applications for sessions on the waiting list.
with a waiting period of 12-16 months.

2,441.5 hours of mentorship
provided free-of-charge for youth and
young adults in Middle Tennessee in 2021.
thank you!
